

# 1st Grade to 2nd Grade

Summer Reading is a vital component of the Good Shepherd Academy Middle States' strategic plan. Reading assignments for students entering grades seven and eight are mandatory.

Students will choose books from the suggested titles. Tests will be administered on the assigned readings upon return to school.

The summer reading assignments are optional for students entering grades one through six. Students may read and complete the book reports on a voluntary basis and return to their teachers in August. Those children in grades one through six who choose to complete the summer reading assignments will be recognized for their efforts in September in a school assembly.
